Amrit (IN)

// Chennai-born psytech and minimal techno producer pushing genre boundaries across global labels and underground festivals □□□□ //

Biography

Amrit (IN), real name Amrit Kishan, is a Chennai-based DJ and producer known for his deep, genre-bending explorations of psytech, bush techno, and minimal sound design□^1□. A core member of the Subtrail collective, Amrit has built a reputation for immersive sets and cutting-edge production that fuse hypnotic rhythms with cerebral textures□^1□.

His discography includes releases on respected labels such as Soupherb Records, Alula Tunes, Alpaka MuziK, Techgnosis Records, and Subtrail. Tracks like “Plankton” (Soupherb, 2022), “Acid Supper,” and “Fright Flight” showcase his ability to sculpt dark, driving grooves with cinematic flair□^2□□^3□.

Amrit has performed at underground festivals and club nights across India and internationally, including appearances on Kiss FM’s Lektronic Show and collaborations with artists like Airwalker (IN) and Thomas Klipps□^1□. His sets often feature unreleased material and live edits, creating a dynamic and unpredictable experience.

Beyond music, Amrit is also known for his work in sound design and sustainability-driven projects. He’s contributed to modular housing initiatives for climate refugees through Structure, a non-profit backed by the IKEA Foundation and UNHCR□^4□.

With a 13-track album on the horizon and a growing international presence, Amrit continues to redefine the boundaries of minimal and psychedelic techno.
